THE KAO SALON DIVISION GLOBAL CREATIVE AWARDS

Hidden behind the hustle and bustle of London Bridge and Borough Market, the UKI finalists of the Kao Salon Division Global Creative Awards gathered at Menier Lounge for a day of networking and revelation. Stylists from across the UK and Ireland were desperate to know if they would be taking gold and securing a place at the Kao Salon Global Experience in Chicago, where a gala event on Sunday 24 September will unveil the international winners. Standing together with their salon teams in the terrace garden, the bronze, silver and gold winners were revealed across the three categories – there were tears, there was laughter, there was a bottle of champagne that took ages to open. But overall, there was pride and utter joy at what they had all accomplished. Chicago, prepare yourself!
